EXPERIENCE

Lead UI/UX Designer Oct 2024 – Present
Maity Innovations Pvt. Ltd – Durgapur, India

- Optimized bidding flow by 80%, replacing paper-based and outdated systems with a smooth digital platform.
- Led full design lifecycle for real estate platform, from research and prototyping to developer handoff.
- Conducted A/B tests and user sessions to validate UI ideas, improving feature trust and overall usage.
- Boosted user task completion rate by 35% using usability feedback and continuous experience iteration.
- Worked cross-functionally with devs and PMs to maintain design consistency and WCAG accessibility.

UI/UX Design Intern Jul 2024 – Sept 2024
House Of Artist – Delhi, India

- Designed landing pages, apps, and websites that helped raise client engagement and retention by 30%.
- Conducted UX research and user testing to improve clarity, flow, and information prioritization.
- Delivered 15+ wireframes and high-fidelity mockups, speeding up design approval by 35%.
- Shared annotated Figma files with devs for a smooth handoff and minimal rework post-implementation.

PROJECTS

Secure Online Voting System

Designed a secure, accessible digital voting platform to improve voter participation and trust. Conducted user research and usability testing, reducing friction in navigation and boosting user satisfaction by 45%. ([View Project](#))

Folds Money – Account Visibility Enhancement

Redesigned account information UI using UX laws like Hick's Law and Law of Proximity. Decreased navigation issues by 60% and reduced average task time for key actions. ([View Project](#))

EXTRA-CURRICULAR ACTIVITIES

- Served as Secretary of a social welfare organization in Durgapur (Jun 2023 – Oct 2024), leading a 25-member team in organizing rural outreach programs, clothing and food distribution, blood donation drives, and city-wide tree plantation initiatives.
